

About

The accelerated B.A./M.A. is designed for academically superior undergraduate students at UMBC in any major. Accelerated B.A./M.A. students may take up to 9 credits of 600-level courses in their senior year that count for both the B.A. and M.A. degrees. This reduces the number of credits required for the M.A. degree. For example, students who complete the maximum of 9 graduate credits in their senior year need to complete only 21 additional credits for the M.A. degree. Full-time students can complete the remaining 21 credits in two semesters plus a summer course.

Graduate courses are offered at 4:30pm-7:00pm or 7:10pm-9:40pm one day per week Monday through Thursday.

Program Highlights

- Earn an MA in 12 to 18 months
- Lower the cost of graduate school
- No application fee
- No GRE required

How to Apply

Students are eligible for admission into the B.A./M.A. program after they have earned 90 undergraduate credits. Plan to apply for admission by the second semester of your junior year.

Required Materials: Application for the B.A./M.A. program, unofficial transcript (minimum GPA of a 3.0), statement of goals, two letters of recommendation and resume.

Application Deadline

Fall Admission: June 1 (April 1 for best consideration)
